

## Experience the Holy Land MEDIA PRESENTATION SERIES

“Experience the Holy Land” is an educational, multi-media presentation series created by Chuck Louviere, MDivBL. It is designed to bring glory to God, edify the body of Christ, and strengthen the faith of Christians. This is done by visiting, through visual media, *several* traditional “Holy Land” sites where actual Biblical events took place. This series will enlighten your understanding of many places, events, people, & traditions mentioned in the Bible. The presentations are filled with Bible references, background information, archaeological evidence, display of artifacts, maps, posters, and other items brought back from the Holy Land. The sessions are also flexible, allowing for “question and answer” interaction, during or after the presentation of literally hundreds of digital images as well as some video. “It is the next best thing to actually being there.”

**Invite your friends, bring your questions, and get ready to... “Experience the Holy Land!”**

### Here are some of the topics to look for:

- Egypt, Greece, and Jordan
- Cities of Israel A-Z
- The City of Jerusalem A-Z
