

Experience the Holy Land

MEDIA PRESENTATION SERIES

“Experience the Holy Land” is an educational, multi-media presentation series created by Chuck Louviere, MDivBL. It is designed to bring glory to God, edify the body of Christ, and strengthen the faith of Christians. This is done by visiting, through visual media, *several* traditional “Holy Land” sites where actual Biblical events took place. This series will enlighten your understanding of many places, events, people, & traditions mentioned in the Bible. The presentations are filled with Bible references, background information, archaeological evidence, display of artifacts, maps, posters, and other items brought back from the Holy Land. The sessions are also flexible, allowing for “question and answer” interaction, during or after the presentation of literally hundreds of digital images as well as some video. “It is the next best thing to actually being there.” If you, your church, or other group has the ability to display media and would be interested in a Sunday Night, Wednesday night (or other meeting time) of 1 or more session(s), please contact us for more information about scheduling a guest speaker (*Oklahoma City area only*).

Here are some of the available sessions:

- Egypt, Greece, and Jordan (2 sessions)
- Cities of Israel A-Z (2 sessions)
- City of Jerusalem A-Z (2 sessions)
- Jerusalem Churches & Tombs (1 session)
- Jerusalem Gates, Walls, & Valleys (1 session)
- People, Culture, Customs, & Traditions (1 session)

FAQ

(Frequently Asked Questions)

Q: What do you need to be able to present this series?

A: *Your church or meeting place will need to have a computer capable projector system with a large screen. I usually bring and use my own laptop computer with connecting cables, but can probably work with your system. I would also need a podium, tripod/easel, and a table setup at the front of the meeting facility to have items for display referred to during and/or after the sessions.*

Q: How much do you charge?

A: *I do not charge for this ministry. Honorariums/love offerings are accepted. If the church allows, I also like to have a separate table setup with “Experience the Holy Land” products. This gives people the opportunity to personally support the time and expense of this personal ministry by taking a piece of the Holy Land home with them.*

Q: What kind of promotional material can you provide?

A: *This exciting material really is the “next best thing to actually being there.” Generating interest **in advance** of these meetings also helps to successfully serve more of the body of Christ. After scheduling a visit, I will provide you with a bulletin-sized insert (half-page size) and a flyer (page-sized) with the series and dates listed (suitable for printing/copying). I also have a full color, framed, poster (20”x30”) that you may temporarily use for display in a foyer while the series is ongoing. For an example, please go to [*www.holywordcafe.com/tours](http://www.holywordcafe.com/tours) (click on the “education” section).*

Q: How can we get more information?

A: *Here are a few ways you can get in contact with me:*
